APK basketball falls to University in FHSAA state tournament

By Marshall Tempest
Apopka Chief Staff

“I can’t quibble with our kids’ preparation, their desire, how hard they worked, how hard they cared for each other. I’m just really, really, proud of them,” said coach Scott Williams after the first round of the 2024 FHSAA Class 7A Boys Basketball State Tournament.

Sadly, the 2024 Apopka basketball campaign has come to an end. Although over, the season proved to be very successful and inspiring to both the boys’ and girls’ programs. The unwanted end came at the hands of University High School in the first round of the 2024 FHSAA Class 7A Boys Basketball State Tournament.

“We played hard! We just had that stretch in the third quarter where we couldn’t make shots. It’s hard to win if you can’t make shots, and to our credit, we didn’t take many bad shots. We had great looks and we were playing together,” said coach Scott Williams

“First of all, they (University) are really good, and they are real-

ly well coached. They got enough of a working margin that we had to be super aggressive in the fourth quarter and we put forth an incredible effort. I really do think we were just a play or two away. If we could’ve gotten it within five or six (points) I think all of a sudden, they get a little bit nervous because we were right there.”

The game was an athletic battle. It opened with University’s star player, Mo Kamara a 6’8” 200-pound big man, finding a lane right to the hoop and slamming an emphatic dunk. In that moment, I knew this was going to be one of those games that you can’t look away from, even for a single posses-

sion!

Coach told me the game plan to deal with University and their uber-athletic big man was all about spacing and rotations. He explained that what makes Kamara’s game so special when he’s playing is how the team plays around him. He is always surrounded by four guys on the court that can shoot very consistently.

The first quarter started badly for Apopka. The Cougars came out with no reservations throwing hay-makers. The Cougars were up 7-0 in the first minute of the game. Apopka couldn’t keep up with the athleticism of Kamara and the spacing of the rest of the Cougars. Soon, Apopka found their footing and began slowing down and halting the rolling University offense.

As I said it was a battle of athleticism, one in which Apopka was ready to compete. Down 9-2, Apopka needed a bucket to slow down the Cougars and early on were having trouble getting anything to fall. Jahi Bowden decided it was up to him to get some air of his own. Coming off a steal and assist

from Daren Leath, Bowden found himself alone on a fast break and went up and finished a one-handed slam that gave Apopka the energy and momentum they needed to get back in the game.

Although still down, I saw a smirk go across every Darter’s face when that happened. It was a “we won’t back down moment” for the team that fueled their play for the rest of the contest. Apopka did well to come back in the first quarter thanks to them shutting down the Cougars’ passing lanes resulting in multiple steals and fast breaks.

The first quarter ended with Apopka trailing 11-9. The Darters only allowed four more points after the Cougars’ 7-0 run to start the game. The Darters went 4-for-18 from the floor, had four steals, and 10 rebounds in the first. The Cougars went 5-for-9 from the floor, had two steals, two blocks, and nine rebounds in the first.

The second quarter went better for Apopka on the offensive side, but not on the defensive side. Apopka played great right

Apopka baseball falls to Patriots, defeat Silver Hawks

The Apopka Baseball team started their season this week with the Big Blue Classic at Lake Brantley where they faced Lake Brantley on Tuesday, February 19, Lake Howell on Tuesday, February 20, and Oviedo after press time on Thursday, February 22.

Apopka fell to Lake Brantley 1-0 in a game that was uncharacteristic for the Darters. I wasn’t able to make it to the game so I can’t tell you all of the spe-

cifics, but I’ll do my best. The Darters only had one hit all game and a .045 batting average and .045 on-base percentage as a team. To be fair, the game wasn’t even decided until the bottom of the seventh when Lake Brantley scored the first run of the night. Apopka also had three errors to Lake Brantley’s zero.

The Patriots didn’t have a great showing either, but they did score when it mattered most and objectively, played a better game than Apopka as a whole. Lake Brantley had six hits to Apopka’s one, a .222 batting average, and a .250 on-base percentage. “We didn’t swing the bats well at all against

Lake Brantley. Matter of fact, we only got one hit and got shut out,” said coach Bobby Brewer.

Pitching wise, Apopka did ok. Braylon Reynante pitched for 6.2 innings and allowed five hits, one run, one walk, and four stolen bases. He struck out five Patriots and faced 28 batters. Reynante had a .185

OBA and a .214 OBP and threw 78 pitches. Lake Brantley’s pitcher, Nick Burgos, pitched for seven innings, allowed one hit, had nine strikeouts, and faced 22 batters. Burgos had a .045 OBA and a .045 OBP and threw 81 pitches. While it was a slow and unsuccessful night for

the Darters, they made up for it the next night against the Lake Howell Silver Hawks.

Apopka defeated Lake Howell 5-3 in a game that had its ups and downs. It started great with Apopka coming out very hot scoring two runs in the first

Four Darters Qualify for FHSAA State Championship

The Apopka girls wrestling team finished third out of 52 schools at Regional Wrestling Championship on Friday, February 16. The girls who finished among the top four in their weight class qualify for the state championship. Nehemie Gregiore, Jada Jones, Shelby Sherman, Samantha Sherman, and Hananeel Gregoire all placed in the top four and will be headed to the state championship.

WHS girls basketball make it to Regional Finals in FHSAA state tournament

Very few considered the Wekiva Mustangs a favorite to win during the state playoffs with a solid, but far from spectacular, eye-catching 16-9 regular season record. Yet, the record is the very reason Wekiva took to the court on Thursday, February 22, for the Class 6A Region 2 final (past press time). The regional final was also an all-District 6A-6 affair as the Horizon Hawks advanced with victories over the New Smyrna Beach Sharks and Martin County Tigers.

Facing the most challenging schedule in Class 6A Region 2 provided the Mustangs with the knowledge of how to manage the rough and tough, give-no-quarter, take-no-quarter disposition of the playoffs. Then a disappointing performance during the District 6A-6 championship tournament provided Wekiva with the other ingredient needed to navigate the state playoffs. The Mustangs won the semifinal round but had to rally from a double-digit deficit during the fourth quarter. A 6-0 run midway through the third quarter pushed Hori-

zon into the lead for good and the district championship. “The actual way we played was no different than during the regular season during the district championship tournament or the state playoffs,” Middleton said. “As I said after the district championship tournament, lacking playoff experience had a lot to do with the unsettled play during both. The only way to learn how to manage and incorporate the much more intensely distinct character and atmo-

WHS baseball to keep the steady improvement going into season

By Neal Fisher
Apopka Chief

A familiar face is in a new place and position as the Wekiva Mustangs begin the 2024 season. Brian Tatai is charged with overseeing the Mustangs’ attempt to take the next step beyond a 19-7 record and opponents’ victories are no longer assured by walking onto the field. An assistant last season and native of Dearborn, Michigan, Tatai was promoted to head coach during the offseason.

The next step is also within the context of a steady continuing progression. Wekiva has improved the overall record from 1-8 to 7-16 to 10-14 since 2020. An above .500 record was recorded by the Mustangs for the first time in over a decade last season. Wekiva will also for the first time in over a decade attempt to post a record over .500 during consecutive seasons.

“The end result and most tangible positive towards winning or negative towards losing is noticed first in any sport,” Tatai reiterated. “However, the end results are the product of executing the subtle actions properly and making the right decisions. There were many reasons for the improvement in the overall record last season. All grew out of and were predicated on understanding why subtle actions are so important between last and two seasons ago.

“If subtle actions aren’t executed properly and the right decisions made, the tangible positive endings don’t happen. Proper execution and correct decision making becomes second nature with

repetition. Everything a team aspires to accomplish during the offseason grows out of the opportunity for repetition when participating in fall ball.”

Winning during the postseason will also accompany improving the record as topping the list of next steps. A 6-2 loss during the first round of the District 6A-7 championship tournament ended last season for the Mustangs. The contest was tied at 2-2 heading into the bottom of the sixth inning.

Wekiva has risen and grown out of understanding the importance of subtle action with aggression first and foremost. In particular, base running and establishing scoring threats through base running has been the impetus of the overall aggressive play.

“Proceeding under the cliché of we will take our chances with aggressiveness in all three phases of the game and are willing to live with the results either way,” Tatai said. “We would rather fail in the attempt to be aggressive as opposed to not taking the risk at all and hoping for a positive outcome.”

Last season 165 out of 173 stolen base attempts were successful, a percentage of 95.4 and 6.4 per contest. The aggressive approach or ambition isn’t limited to the direct and tangible means of the stolen base though.

“The bar for stolen bases was set last season,” Tatai said. “However, this team will not be the same as last season’s. As far as repeating the number if reaching the potential, this team will be competitive in matching the number. Sev-

eral new subtle wrinkles of pursuing aggressiveness have been incorporated into our play. We want the opponent to feel pressure from an aggressive approach in general. We want the opponent to feel pressure from being forced to focus on more than the batter-pitcher relationship all the time though.

“We don’t want the opponent to feel the need of stopping a runner from scoring after reaching second base on the previous play. We want the opponent to feel the need to stop a runner from scoring after reaching second base during the play. The same applies to the cut off throw. We want the opponent to feel pressure from where is and the accuracy of the cut off throw during the play in progress. We don’t want the opponent to feel any less amount of pressure because the play stops and use the time between plays to refocus on the possibility. The goal is to feel as much high level pressure from the need to execute an accurate throw home from the cut off fielder as creating options because ahead in the count.”

Last season, the Mustangs batted .307 and scored 188 runs as well, an average of 7.2 per contest. The ball was hit hard but not necessarily with power by Wekiva last season. Of the 51 extra base hits, only one was a home run. Walks also totaled 114 or an average of 4.5 per contest.

The starters for the Mustangs entering the regular season are as follows: Greg Jones-CF Miguel Acosta-3B Luis Perez-SS Damir Simon-1B

Marcus Campbell-3B/OF Jonathon Mills-LF Zack Reinert-C Dominic Sanchez-2B Brady Reinert-OF Campbell is the only newcomer to Wekiva’s starting line-up but joining as a junior.

“A combination of the team’s skillset as a whole and personal approach developed, the line-up will not be static from contest to contest either,” Tatai said. “We aren’t going to use the same and traditional line-up for every contest.

“I believe the traditional make-up of a line up as far as the speedy, contact hitters at the top and the team will take its chances with strikeouts opposed to home run power hitters is still applicable. However, not every individual match-up or with the opponent lends itself to the traditional lineup is the best. Nor will I move a player just one position down in the line-up. For example, a leadoff hitter can be used in the nine hole and create

having to face two consecutively instead of a pitcher. I have never understood why the strategy isn’t used more often.”

Every pitching statistic was also the best in over a decade. Earned run average was lowered to 2.80 with 120 hits and 107 walks given up. Strikeouts totaled 226 and a 2.11 to walk ratio.

“The closest comparison is the Atlanta Braves of the 1990’s with Maddox, Glavine and Smoltz and the long relievers,” Tatai said. “Obviously, the level of performance is not the same. I was referring to the diversity though, in every conceivable significant way and means-The pitches, style, approach of attack, interpretation of situation.

Acosta, Mills, Reinhard, Campbell, Perez and Jacob Meyers make up the pitching staff. How managed will also be the same as the batters and fielders. The traditional line-up of pitchers will be used but

not always and from contest to contest. All pitchers will take the mound as starts and relievers.

“We believe continuing to steadily move the program forward begins with building depth throughout,” Tatai said. “However, steadily moving the program forward begins with building depth specifically among the pitching staff. A major jump occurred between 2022 and 2023. The record took major improvement in conjunction. The statistics clearly demonstrate difference between winning consistently and an over .500 record was the pitching.”

Rounding out the Mustangs roster is Ivan Tolentino, Jaylon Dolvin, Darelle Martinez, Jaden Graham, Nowah James and Onrique Archie.

This season’s schedule is made up of contests against the Davenport Broncos (Feb. 21), Lake Mary Prep Griffins

Hello Folks,

We wanted some rain and, boy, did we get some!

We needed the rain and it was greatly appreciated. The rain did upset a lot of things going on in our area, but everything worked out pretty well. It did affect the fishin’ just a little, but even in the rain a few folks got in some fishin’.

I didn’t get many reports on the speck fishin’, but I’m sure they will be bitin’ this weekend. We have a full moon on Saturday, the 24th. We are expectin’ some rain on Friday and sunny over the weekend. So, with these cooler temperatures and sun-

ny days, the speck fishin’ should be real good. You need to try Lake Monroe, Lake Jesup, and Lake Harney.

They are also catchin’ some specks in the Harris Chain and the Kissimmee Chain. Most folks are catchin’ their specks on

minners and some with a bright colored jig tipped with a minner.

The bass fishin’ has been good to really good in most of the chains in our area. In case you haven’t heard, the FWC has deployed the bright pink tags again in Florida. There are five new tags that were put on bass in these lakes. Each bass weighs over 8 pounds, and they have a pink tag on them.

These pink tagged bass are located in the following lakes: Lake Okeechobee, Porter Lake, Winter Haven Chain of Lakes, Lake Lochloosa,

TTO: Fourth quarter run was inspiring but not enough

Continued from page 1B

out of the gate in the second quarter and tied up the game quickly. The Darters continued to get great looks in transition coming from steals that were the result of them shutting down the Cougars' passing lanes.

Jermichael Johnson took it upon himself in the second quarter to show who was the most athletic on the court. It seemed like Johnson felt challenged by Kamara and it stepped his game up to the next level. Johnson was all over the court on both sides of the ball. He was saving would-be turnovers, going for crazy flying put-back dunks, and making spot-up transition threes.

Even with the help from Johnson, Apopka wasn't able to keep up with the Cougars in the second quarter and headed into the locker room at half, trailing 27-21. The Cougars out-scored the Darters 16-13 in the second quarter. Apopka shot 5-for-13 from the field in the second quarter, had eight rebounds, five assists, and one steal. University shot 7-for-10 from the field in the second quarter, had four rebounds, five assists, and one steal.

Coming out of the locker room Apopka needed a change in pace and to get back into the game quickly. But the third went the opposite of how the Darters needed it to. It was one of those quarters where nothing would fall for Apopka; even their good shots couldn't find the bottom of the net.

"Fight! Fight harder than you've ever fought. Play more together than you've ever played. Do not play discouraged. Men do not play discouraged," said coach Williams in a timeout late in the third quarter.

But it wasn't enough, even with the great play from Apopka on defense and offense it seemed the

game just wouldn't go in their favor in the third at all. University went on a 9-4 run in the third quarter and put themselves up 36-25 going into the fourth quarter.

"So we were down six points, and we came out right away and got a couple of buckets, but it just dried up. I don't recall there being a repetition of 'Oh that's a terrible shot, oh that's a bad shot,' it was just that we were missing and it's kind of been who we are and it has been the thing that we've worked on relentlessly. I don't like the thought of saying 'we are not skilled' because we are very skilled...but we're not good shot makers. And when you're playing a team that good (University) and you let it stretch out to 11 or 12 points at the end of the third quarter in this gym... you can't just try to guard 'em; we're going to have to try to make the game crazy. And, man, did we do some good things, and we missed some things ,aahh...that's what happens."

Apopka shot just 2-for-8 in the third quarter, collected five rebounds, one assist, and three steals. University shot 4-for-8 in the third quarter, collected six rebounds, two assists, and two steals.

As the fourth quarter began the University gym began to rumble and really get loud. With every trip to the basket, the stands would rise to their feet and collectively pause as the shot was taken, and then immediately roar whether it was a miss or a make.

The game was so close, yet so far, as Apopka was still having its offensive troubles and getting no help from the officials when attacking the paint. Apopka stayed behind a steady 10-12 points in the fourth quarter, and every time they put a dent in the score, it seemed University was rewarded with a trip to

the free-throw line on the other end.

The Cougars were getting the whistle every time they went up for a layup or any shot in the paint that resulted in a lot of easy points for University. With just three minutes left in the game, the Cougars were up 46-36.

Apopka gave everything they had in those last minutes and brought the game within eight points with under two minutes to play as the Cougars led 50-42. In a timeout, Williams told the team "It's ok, it's ok," trying to control the emotions of his guys and get them to realize how close the game really was.

Apopka played amazing defense and even had some great last-minute looks offensively, but the same problems plagued them as they had all game as the Cougars kept finding themselves at the line. When they weren't at the line, University was playing keep-away moving the call with speed and coordination to keep it out of the Darters' hands.

The Cougars defeated the Darters 57-48 and ended the 2024 campaign and three seniors' dreams of a deep playoff run. After the loss, Williams was still nothing but proud of his team and their performance against such a strong team.

"When you have kids

of character, they are going to respond to you asking to give more than they think they can give. I told them in there (the locker room) I marvel at them; I am humbled by them; I'm blown away at how hard they play, how hard they care, and their passion for each other. Very few high school coaches get to feel what I feel towards those guys and the fourth quarter, and the effort shown by the eight guys is exemplary and is exactly what I knew they would give. They have no yield; they fight to the end. And like I said, if we had gotten just a little bit of help... if University had just messed up a little bit more...but credit to them, there is a reason that they are 23 and five."

The University High School Cougars were lighting it up from the floor all night. The Cougars had a collective team shooting percentage of 61.1. Their real prowess came from inside of the three-point line though, going 18-for-22 from shots inside the arc. From three, they still shot well draining four of their 14 shots from beyond the arc.

The Darters, on the other hand, had troubles with shooting as they had all season. Apopka had a collective team shooting percentage of 35.5. Apopka made 18 of their 47

shots from inside the arc and four of their 15 shots beyond the arc. Apopka did out-rebound University, collecting 31 to their 27. Apopka, as usual, lived on the offensive glass and collected 18 offensive rebounds, five more than their total defensive rebounds of 13. Those 18 offensive rebounds only resulted in seven second-chance points.

"They are a team that averages points in the seventies. Quite honestly, we did a lot of the things we wanted to do. We wanted to make them have to guard if we didn't get early transition looks. We did that, and we got some really good stuff out of it. We wanted to be really good on the glass, and I thought we were pretty darn good on the glass. We wanted to try to make it difficult for (Kamara) to just operate in the post comfortably, and most of his plays happened from the perimeter. And that's because he is uber talented, has a very bright future, and they (University) do a really good job with him in their game plan."

The real difference in the game was shooting, but not only that, it was University's shooting efficiency. Apopka took 62 shots and made 22 of them, while University took 36 shots and made 22 of them.

That huge difference is the result of quality over quantity from a team that is patient and sticks to the game plan no matter what.

Williams also had some things to say about his seniors, Daren Leath, Samuel Bell, and Chase Marks.

"They have restored the legacy of our program! We were an abomination last year in terms of our culture and in terms of how we went about our business. It was an aberration, and those three seniors made a decision that they were gonna be a part of restoring our competitive greatness, our desire to play for each other, and the leadership in the locker room that has to happen. All three of them are young men of immense character. They have phenomenal families that have done a tremendous job raising their children and we're gonna miss each one of 'em, as much off the floor as on."

He also talked about what he expects from the underclassman In the off-season and next year.

"Stay hungry and want more! OK, you got a taste of the playoffs. Now, let's get in the gym, let's go to work, let's get better, let's build on this, and let's stay hungry!"

You have to go to the FWC website and register for this program in order to receive prizes. So, if you want to catch a big bass over 8 pounds with a pink tag on it and receive all kinds of prizes, go register today and get ready to catch your big bass.

The bass fishin' on the Butler Chain has been real good lately.

Most folks are catchin' plenty of keeper-size bass on the chain. They are catchin' 'em on a variety of baits: usin' swim-jigs, speed worms, chatter-baits, and plastic worms. The bass should be spawnin' on the chain, so make sure you look for 'em on the beds. If you catch one of those beddin' bass, make sure you take a few pictures and then get them back in the water as soon as possible. If you do that, those beddin' bass will be able to go back on the beds and finish their spawn.

As I mentioned earlier, we have

a full moon this comin' weekend, so there is goin' to be plenty of spawnin' in all the chains and lakes in our area. Remember to release those beddin' bass so they can finish their spawn. Those bass will go right back on their bed, and we can all look forward to keepin' our bass population alive and well! Thanks.

Tip of the week: Full Moon
Save a few and good luck!

Basketball: Wekiva defeats Kathleen 42-38 in Quarterfinal

Continued from page 1B

sphere of the postseason is experience.”

There are four regions across the state of Florida. Four districts make up each region. Each champion earns an automatic berth into the FHSAA playoffs. The four other berths are of a wild-card nature and determined according to the FHSAA power rankings.

The more points a team accumulates, the higher the position in the power rankings. Formula used to accumulate the points is made up of a team’s record, opponents’ records and opponents’ opponents’ records.

Higher seeded team always hosts. The good news after the district championship tournament was the Hawks held the fourth and a higher position in power rankings for Region 2. Thus, Wekiva did not fall in the final regular season power rankings. Losing to the fourth seed prevented the Mustangs from moving up into the top four of the power rankings and gaining home court advantage though.

The Lakeland Kathleen Red Dogs and St. Cloud Bulldogs provided the oppositions during the first two rounds of the Class 6A state playoffs.

“The question when the state playoffs began was not if we are good enough to win?” Middleton said. “We had proven yes, but not consistently. The play has alternated between unsettled and settled though. Even with the alternating play though, the opponents were held to our average of 44 and then less at 43 points. Did we get enough playoff experience to have moved past the un-

settled play was the question.

“Fortunately, the answer was yes. However and also, this is a team very adept at learning from mistakes and why when setbacks are suffered. We stopped playing not to lose. We are now playing to win. The difference between playing tight and moving with heaviness or loose and flowing, which starts with the mental part of the game.”

Thursday, February 14 Regional Quarterfinal (32 teams) Wekiva 42 Kathleen 38

For the third consecutive postseason in as many contests, the Mustangs fell behind early. However, Wekiva played with much more poise and persistence. A usually strong defense seemed even more intensely stifling from the Red Devils’ perspective. The 38 points scored by Kathleen was the lowest number of the season and 14.5 below the per contest average. The Mustangs have given up less points during eight other contests though.

Tangibly and measurably, a lead not as assertive and comfortable as during the district championship final emerged at the end of the first quarter. Then Wekiva opened the second quarter with a 9-0 run. During the first two minutes of the second an 11-7 deficit was erased and building a 16-7 lead followed. Nor would the lead be relinquished.

“For about 95 percent of the contest though, we used a zone on defense for the first time this season,” Middleton said. “Nor had the Red Devils faced a zone. Kathleen rebounding wasn’t nearly as efficient as had been. In particular,

the Red Devils’ two best rebounders were held to under 10 combined. The zone was the catalyst for enforcing our will early and setting a tone.”

ChiChi Wang tipped in a missed field goal attempt to begin the run. A trey from the left side of the baseline came next from Tierra Coleman. Another missed field goal was tipped in by Wang. Wekiva’s run concluded with a pair of free throws from Coleman. All nine of the points were scored in or the result of transition. Three turnovers were committed by the Red Devils along with taking three obstructed field goal attempts and without the shoulders facing the basket.

The lead grew to 13 points with about three minutes left in the third quarter. Although Kathleen reduced the lead after the exchange possessions, victory never felt challenged after reaching 13 points. On three occasions, the Red Devils cut the lead to two possessions. Scored by Coleman, a 10-foot jumper from the left wing and a lay-up in transition re-upped the lead to six and seven points, respectively. A foul sent Wang to the free throw and both attempts were converted the other time the lead dropped to two possessions.

Wekiva’s field goal percentage was only 36 percent. However, percentage was 10 points lower for the Red Devils.

High scorer for Wekiva was also the most consistent scoring threat in the form of Jasmine Pooler’s 13 points.

Monday, February 19 Regional Semifinal (16 teams) Wekiva 66 St. Cloud 58

A much different start than the previous postseason contests carried Wekiva to besting the per contest average by 20 points. After the exchange of the first possessions, the Mustangs trailed for the only time and by a 1-0 score.

Tiera Coleman erupted for 25 points. A one-two punch for scoring was formed with Senaya tallying 18 as well. The most important points were the first six though. From the left wing, Coleman sank a three-point field goal attempt to start the go-ahead for good run. Another trey from Coleman upped the lead to two possessions just 12 seconds later. St. Cloud’s errant pass in the backcourt was intercepted by Wang who then passed to Coleman. The run would eventually reach eleven consecutive points scored by the Mustangs and over four and a half minutes followed. St. Cloud committed only two turnovers during the run but failed to convert six field goals. Nor were any of the field goal attempts taken inside of the paint.

“A variety of presses were used by the Bulldogs with great success during the regular season,” Middleton said. “In particular, turnovers created transition and easy opportunities for St. Cloud to score. Far from a new concept but effectively executed. Turnovers committed by us against the two presses the Bulldogs used were limited. Losing the opportunity to see a possession to the end is often thought about as the effect of turnovers. Another possession is gained by the opponent as well though. Turnovers were actually on the lower side but still roughly two to

one in our favor.

“Advantage in turnovers was combined with difficult field goal attempts taken. The run was the product of forcing St. Cloud into contested and low percentage field goal attempts. None of the field goal attempts were taken without a hand in the face and body in front of the shooter. Long field goal attempts equal long rebounds. Long rebounds equal gaining possession of the ball around midcourt and transition opportunities. The press created problems for every opponent. For the most part, we were the first opponent to manage the press. Not knowing how to deal with an opponent unaffected by the press had a cumulative effect over the course of the contest. Managing the press was because of a difference in poise.”

Coleman totaled seven points during the run. With two each, the rest of the points making up the run were tallied by Asanya and Wang.

“Once again, we enforced our will early, as early as possible this time,” Middleton said. “After taking the lead, conditioning had a part in the victory though. We wore the Bulldogs down as a team in general. Lack of ballhandlers was exposed more importantly. The point guards were unable to take a break from handling the ball. Perhaps the impact was even more mental than physical.”

Only 4:39 into the contest, Wekiva held an 18-3 lead.

The score was 21-5 at the end of the first quarter and 36-20 at halftime.

Victory was secured with a run of 9-0 run at the start of the second half. The

Mustangs extended the lead to the largest at 45-20 with 5:05 remaining in the third quarter.

Wekiva’s early scoring onslaught provided enough of a cushion to absorb a 15-2 run as the third quarter clock reached zero. Just as quickly as the Bulldogs’ run started, Wang drilled a three-point field goal from the left wing after receiving a pass from the top of the key.

The successful field goal attempt with twelve second remaining in the third quarter shifted the dynamics and momentum. Wekiva entered the fourth quarter after reestablishing a double digit lead once again. Instead of expending energy to match the Mustangs’ points, the Bulldogs were trying to cut into a large and as much as a 25-point lead for most of the contest. Increasing the lead back to double digits reinstated the need to cut into the lead before even challenging and with only one quarter remaining.

St. Cloud was able to cut into and turn the lead into manageable during the fourth quarter. The lead was never threatened though. On four occasions, the lead was decreased to seven points. Points were scored by the Mustangs on the next consecutive possessions though.

The same statistical game plan as during the regular season was executed to perfection. Field goal percentage was only 40 percent for Wekiva, but St. Cloud’s converted at pace of 28. Sixteen points out of 20 attempts were added to the total from the free throw line.

Baseball: Umpire throws out Apopka’s assistant coach

Continued from page 1B

inning. Cody McKinley grabbed first based on a grounder to third and beat the ball to the bag. But it was Brady Roberts who sent in the first run for Apopka on a screamer he sent to deep left field that was fumbled and dropped giving the chance for McKinley to score.

Up next was Zachery Barrieau who sent in Roberts for the second run of the night for Apopka. The Silver Hawks collected their first collection of three outs and sent Apopka to the field up 2-0.

Lake Howell’s first inning was nothing to write home about as Apopka collected their three outs quickly with the last being a great snag by Reid Taylor right out of the air over second base.

Taylor went right back to work and grabbed first base on the first hit of the second inning. Then Jahzion McCoy sent a heather right back to the pitcher who bobbled the ball which McCoy took as an opportunity to use his incredible speed to beat him to the bag for first base.

McKinley was up again and decided to bat a runner in this time instead of finding his way to home plate when he sent Taylor home for Apopka’s third run of the night. McKinley was called out but had secured a 3-0 lead for the Darters so all was well.

Apopka had a very good chance of scoring a

few more runs in that inning with the bases nearly loaded but Lake Howell collected the three outs before they could bring them home.

The game was quiet after that until the bottom of the fourth. After keeping Apopka to two scoreless innings after falling behind 3-0 Lake Howell exploded for three runs in the fourth. Apopka’s Alejandro Posluszny had been pitching for three innings now and was doing very well. But it was clear he was beginning to get tired as the Silver Hawks got a little more of the ball with each passing batter.

Howell’s first run came from Aiden Mills who got great contact on a pitch with two outs hanging over him to send in the first run for the Silver Hawks. Shortly after Tyler Pittington made a huge play, still facing two outs, grabbing a double on a line drive sent all the way to the far-right wall that sent in two more runners to tie the game up 3-3 in the fourth.

“They wouldn’t quit! We jumped out on ‘em three to nothin’ but they came back on us. They hit the ball when they had to...we made a miscue that put them in a good spot. We had the outs we wanted, we had the count we wanted but just missed with the pitch and got too much of the plate and the guy hit the double down the right field line and that scored both of the runs. In

the play before that they had a base hit to center field, and instead of throwing the ball to the cutoff man we tried to throw it all the way home so two runners moved up into scoring position. But we had the guy at two strikes, we just threw the ball too close to the plate.”

After that, Apopka switched out pitchers and sent in Wyatt Jagers. Jagers put an end to the fourth with a strikeout and sent Apopka into the fifth looking for a way back on top.

The game slowed down again after that with Apopka looking to score again to put themselves back on top. The fifth inning went scoreless for the Darters and the Silver Hawks but in the sixth inning, the game was alive again.

Reef VanKuren started the sixth right putting the ball on a rope to the left wall and secured a double. McKinley, as he had all game, made another huge play grabbing first base and sending VanKuren to third base in a ripe scoring position.

Jackson Adams had the game-saving play of the night for Apopka sending in both VanKuren and McKinley for two runs on a rocket that hugged the left foul line all the way to the wall.

This is when the theatrics started. Both teams had been having trouble with calls from the umpires all night with the crowd

getting audibly upset. A safe call on an Apopka runner going to third was overturned and called out which caused a lot of unrest in the stands and on the field. After this Apopka’s Assistant and third base coach, Chris Hall, visibly upset with the call, turned his body away from the umpire and walked away trying to stay professional and not say anything. When the umpire started to talk to him, Hall was unable to hear him which the umpire took as him ignoring him and sent him out of the game.

This is just the beginning of the problems. When that happened all of Apopka’s stands and players as well as the coaches were up in arms. Brewer found his way out on the field to try to stop and understand what was happening but even he was confused. The umpire said to Brewer that the reason Hall was being thrown out was for ignoring his calls to talk. But to be fair, I was closer to the umpire than Hall and I couldn’t even hear what he said. It wasn’t like he was shouting, and it didn’t seem to be trying to be audible.

As Hall was thrown out, Brewer went to take his place at third base but the umpire then informed him he wasn’t allowed out on the field because if the Assistant coach is thrown out then the head coach is no longer allowed on the field.

“The issue was our

guy slid past the bag at third. I thought he got back and was safe, the home plate umpire said he didn’t get back. Our third base coach Chris Hall basically told him he thought that he missed the call. After that Coach Hall just turned his back and walked away because he didn’t want to say anything else because the umpire said that that’s a warning and didn’t say anything else. And then the umpire walks down the line and stands there and stares at him, so I went out and said ‘Hey I’m the head coach, talk to me.’ He refused to talk to me and the next thing I knew he looked at my third base coach and threw him out of the game because he said he was ignoring him! And nobody heard the umpire say ‘get in the box’ other than the umpire, so there ya go.”

The Apopka side of the stands were livid and were letting the umpire hear their transgressions with no filter. I’ll spare some of the explicit remarks but some of the things screamed were “You have an ego problem, blue shirt,” “Power trip,” and “Go back to umpire school.”

Now after that entire 30-minute concession break, the game was back on. But sadly, Apopka’s momentum was lost in the commotion, and Joseph Herman struck out to end the top of the sixth. Howell was unable to score in the sixth and gave Apopka

their chance to close out the game.

After the commotion, it was quiet for the rest of the game and Apopka played smart and secured the win without scoring any more runs as the seventh inning went scoreless.

“Any win is a good win, it’s a big win Lake Howell usually has got a very established program over there year in and year out...When we had our opportunities, we had some guys step up and get big hits for us. Our pitching wasn’t too bad tonight we had some miscues in the field that we haven’t been having so we’re going to go to work tomorrow at practice and fix all that stuff and get right back at it,” said Brewer after the game.

“I mean it’s about what you saw tonight, we hope our pitching holds up and we get timely hitting. We just gotta make sure we sure up our defense a little bit better but we’ve been playing pretty good defense coming into this game so we just gotta get better at that,” Brewer said about the goals for this season.

Brewer also told me there is no clear leader for the team yet and it has to be earned.

“We got guys every game we play that step up, and it’s somebody else each game, so it could be a whole team thing by the time it’s over with.”

Enjoy the aroma coming from your oven while baking chicken and rice

For people who don't have extra time for pampering their main meal, we have Quick Oven Stew from Claire Ellington, who hand-wrote her recipe in the copy of *Stew-Pot Favorites of Zell-wood* that she gifted to us.

Pot Roast for Crock-Pot is submitted by Pat Ariotta in *Sharing Our Finest Cookbook* put out by the Apopka Citizen Police Alumni Association. We thank that fine organization for all they do.

Adeline Bronson's recipe for Chicken and Yellow Rice comes from "*What's Cookin' in Apopka?*" With maybe a salad or vegetable on the side, it looks like a main-dish meal!

In her book titled *Gullah Geechee Home Cooking*, Emily Meggett says, "I love cooking potatoes because it usually just takes a few ingredients to turn them into something you just can't resist. These hash brown potatoes are easy to make, and the scallions add a bright, fresh flavor to the dish."

We don't see cabbage headlined very often. I'm not sure why, because cabbage is inexpensive and nutritious and very easy to prepare. And it is delicious! You just have to get past your pre-formed childhood opinions about food. We have a wonderful recipe for creamed cabbage from *Paths of Sunshine Cookbook*.

Mrs. Webb's salad dressings look very good. They come from *CHARLESTON RECEIPTS*, which was given to us by John Peery's mother. John, whom we love but sorely miss, passed October 12, 2023.

Sis Pitman's Apple Dumplings comes from one of our old favorites, First Presbyterian Church of Apopka's *Treasures and Pleasures*. Try the baking powder that doesn't have aluminum in the ingredients. It only costs a few cents more and leaves no bitter taste.

CLAIRE ELLINGTON'S QUICK OVEN STEW

Recipe from

Stew-Pot Favorites of Zellwood

2 pounds lean stew meat (uncooked)

1 pkg onion soup mix
1 can mushroom soup
1 cup water

Put meat in casserole. Mix other three ingredients and pour over meat. Cover tightly and put in 300-degree oven for 3 hours. No peeking! Serve over noodles or rice. Serves 8.

PAT ARIOTTA'S POT ROAST FOR CROCK-POT

Recipe from

Apopka Citizen Police

Alumni Association,

Sharing Our Finest Cookbook

2 or 3 potatoes, pared and sliced
2 or 3 carrots, pared and sliced
1 to 2 onions, peeled and sliced
Salt and pepper to taste
3 to 4 pound brisket, rump or pot roast
1/2 cup water or beef consomme

Put vegetables in bottom of crock-pot. Salt and pepper meat. Place meat in pot on top of vegetables. Add liquid. Cover and cook on low for 10 to 12 hours or high for 4 to 5 hours. Remove meat and vegetables with spatula or wide spoon. Serve hot.

EMILY MEGGETT'S HASH BROWN POTATOES

(HOME FRIES)

Recipe from

Gullah Geechee Home Cooking by

Emily Meggett

8 yellow or white potatoes (a little over 2 pounds), diced

3/4 cup (1-1/2 sticks) unsalted butter

2 scallions, chopped

Salt to taste

1) In a 4-quart saucepan, bring 2 quarts water to a boil over high heat. Add the potatoes and boil for 3 to 4 minutes, until tender. Drain well. 2) In a 12-inch cast-iron skillet, melt the butter over low heat, taking care not to burn. Add the scallions and the potatoes to the skillet. Salt the potatoes according to taste. Cook over medium heat until golden brown. 3) When the potatoes are browned on the bottom, turn them with a spatula and brown the other side.

CREAMED CABBAGE

Recipe from

PATHS OF SUNSHINE COOKBOOK

1/2 head red cabbage

1 medium yellow onion, peeled and coarsely chopped

2 tablespoons vegetable oil

1/4 cup cider vinegar

2 tablespoons light brown sugar

1/2 teaspoon caraway seed

1/2 teaspoon salt

1/8 teaspoon black pepper

1 large tart green apple, cored and thinly sliced

Quarter cabbage, trim off core at point of each section; cut each quarter into 1/8-inch thick slices. Set aside. Saute onion in oil in 12- to 14-inch skillet over moderate heat about five minutes or until soft. Stir in vinegar, sugar, caraway seeds, salt and pepper. Add cabbage and apple. Bring to boil, then reduce heat to moderate. Cover and cook until cabbage just wilts, about 8 to 10 minutes, tossing occasionally. Serves 4.
