**TEMPEST'S** TIMEOUT Marshall Tempest

**By Marshall Tempest** Apopka Chief Staff

The Apopka Blue Darters ran up the scoreboard last week in a 49-0 homecoming victory over district rival West Port High School. The Blue Darters are now 3-1 this season and 2-0 in district matchups. As of Tuesday, September 17, Apopka is ranked 92nd in the state, 14th in Division 7A, and 22nd in Orlando.

This week the Apopka offense was able to not only get rolling – it was able to snowball as the game went on becoming stronger, more consistent, and regularly exploding for chunk plays. Even some of Apopka's players who don't get to see the field much got to not only play but help the team with a victory.

A lot of Apopka's offensive production can be attributed to West Port not being a premier program as they are currently ranked 363rd in the state. But, besides that, Apopka's offense played great, and most importantly, they looked comfortable.

Everyone from the offensive line to quarterback Tyson Davison did great in the win. Apopka collected 417 total yards with 347 of those yards coming on the ground with the other 70 coming through the air.

Apopka's running backs, especially Jayden Safford, had a great night as they collected four rushing touchdowns.

Davison, Apopka's quarterback, had a good night through the air but a great one on his feet. Davison collected three touchdowns-two passing touchdowns and one rushing touchdown. Davison only threw the ball seven times and only connected with a receiver three times, but two of those three times

> The final score of 53-6 reflected the lethal explosiveness and thoroughness with which the Wekiva Mustangs defeated the Eustis Panthers on Friday, September 13. Wekiva has now been carried to two consecutive victories by realizing their lethal explosiveness and thoroughness.

> "At 2-2, record and position in is certainly much better than a couple of weeks ago," Mustangs coach Doug Gabriel said. "The performance was decent as far as consistency from start to finish for the first time this season."

Over the last seven quarters, Wekiva has gained 729 total yards. However, the number includes a nonstop clock and only four plays run during the last two quarters. Total yards were in favor of the Mustangs by a margin of 355-135 against the Panthers including the last play of the contest. Wekiva's margin of total yards gained not including the last play was 277 yards.

Several of the statistics were among the five highest in Mustangs' history. The most noticeable of the five highest was 53 points

The first play from scrimmage produced all the points the Mustangs needed to win and set the tone of playing from ahead.

Wekiva also turned as golden a break into points for the first time out of three this season. A fumble on the

## A look at the 2024 APK bowling season

## **By Neal Fisher** Apopka Chief Staff

Last season was the 11th consectutive season that the Apopka Blue Darter bowling team found itself in the State Championship. However, a streak of advancing to at least the semifinal round (double elimination tournament) of the state championship meet also came to an end at 10.

months later. The Blue Darters certainly have the core to return to the state championship meet with four bowlers returning from the 2023 qualifier. The four bowlers returning from the 2023 state championship meet qualifier also translates to strong potential for regaining the standard of state championship contender status.

"Level of consistency has to improve though,"

## FWC holds annual Fish Art **Contest for grades K-12**

Hello Folks,

I can hardly wait for Sunday. That will be the first day of "Fall." I'm ready for some cooler weather. I know it's not goin' to just go down to the 60s overnight, but we are headin' for some cooler months.

The fishin' is still about the same. It's still kinda hot durin' the day, then we get the afternoon rains and that keeps a lot of folks off the water. Hopefully we will get some cooler days real soon and that will help cool the water down and get those ole specks to bitin'.

The bass fishin' has been a little slow, but I'm hopin' that some cooler weather will get them to bite.

I wanted all the parents to know that the FWC is havin' a Fish Art Contest. This is an annual program and it invites youth from around the world to connect with nature and learn about fish and aquatic habitats while exploring the creative art. This contest is open for young artists from kindergarten

through 12th grade.

Since its founding in 1997, the Fish Art Contest has reached over 85,000 youth in 46 countries. This is a free contest and is accessible to all youth across the globe. Florida students can submit their work to Wildlife Forever usin' the Florida Fish Art Contest entry form page. One first place winner and one runner-up will be selected for each grade bracket. The brackets are set up like this: kindergarten through third grade, fourth grade through sixth grade, seventh through ninth grade, and then tenth grade

through twelfth grade. There will be one cate gory for illustrating the best freshwater fish species and one for the best salt-

water fish species. You can luck.

were for a touchdown.

I got to talk to Davison a little bit after the win and ask him how he felt about the offense production – especially his own.

"This was a great team win. We got the guys who needed to get in, in, and get them some reps in, and we all just balled out. I think we were all able to play so well because of a great week of preparation from the coaches down to the players, to the scout team, to the athletic trainers keeping us healthy. And when you have a week like we did, it shows on the field."

177399

Davison showed great poise out there for most of the night until he was pulled out to give his backups some reps. Davison's highlights were his running game, especially his 38yard rushing touchdown that put up the first points of the night for the Blue Darters. Other than that he had two passing touch-

downs with both showing his ability to read the defense and place the ball only where his receiver could get it.

Davison's first passing touchdown was a 10yard completion to Noah Morgan on a beautiful corner route. The second was a huge chunk play which made the stadium roar. Sitting on Apopka's 47-yard line Apopka went with a play-action boot. Apopka lined up with a five-man front with two recovers on each side and one back in the backfield next to Davison. Before the snap, Davison called for a motion from his slot receiver on the right side who goes into a jet sweep sort of motion. Davison called for the snap – faked the handoff to the sweeping receiver – and began moving out of the pocket.

As Davison left the pocket, he was one-onone with a West Port edge rusher. With a quick move, Davison shook the West Port defender and made

him fall to his knees. As he continued to scramble from pressure, Davison saw the receiver that was set in motion upfield wide open down the sideline and heaved up a pass that ended in a 53-yard touchdown for Davison and receiver Judah Harvey. After the original sweep motion, Harvey continued upfield on a wheel route and was completely forgotten about by the West Port defenseleaving him wide open down the sideline!

11.6-2. The Trojans advanced to the regional final round (last eight teams) last season.

After four victories in as many opportunties so far this season, Lee County looks just as primed to make another run to at least the regional final round. The rankings agree as the Trojans hold the fifth position in the state of Georgia and 85th nationally (Maxpreps.com).

"Lee County is a top tier team and we have an opportunity to grow up when facing them," Gabriel said. "I keep talking about mistakes and the lack of focus on, but top tier teams turn mistakes into points." Rushing to pass ratio is about 70-30. The Trojans have more importantly

found the formula for primarily relying on the option while also creating plays of big impact when using the pass. Total yards gained per contest of 288 yards rushing and 152 through the air has translated to 53 points per contest.

The clear centerpiece of the offense as the proverbial dual-threat is quarterback Weston Brvan. However, Bryan's role within the offense is far more than executing a play of big impact at any time. A 6.1 yards per carry average while leading the team in rushes (59) demonstrates

consistent production and five pass attempts though. contribution.

However, the team's leading ground gainer is Ousmane Kromah with an averaging of 8.4 yards per carry and 113 per contest.

Providing a third option on the ground with another 50 yards per contests and eight per carry is Canton Williams.

Then the passing game has been equally consistent. Bryan has completed 47 of 70 pass attempts for a percentage of 67 and quarterback rating of 106.

Receiving is also by committee. At 14, Jaden Upshaw leads the team in receptions and 60.3 per contest. Six different receivers have caught at least A committee approach ago

is the hallmark of the defense as well and grows out of the 4-3 formation with cover two coverage. The lack of domination but equally efficient, 19 points per contest is being given up by the defense.

Use of stunts and twists compared to straight attacking is about 50/50. Linebackers and safe-

ties tend to stav at home. With 48 tackles, Greg

Baston is the team's leader. Twelve players have garnered at least 15 tackles

though. A two contest winning streak has provided Wekiva with new life and the state of the program is much

lighter than just two weeks

"At 2-2, record and position is certainly much better than a couple of weeks ago," Mustangs coach Doug Gabriel reiterated this week. "The performance was decent as far as consistency from start to finish for the first time this season. Goal is of course to be great and stand out but decent comes before.

"We have gotten two much needed victories with decent performances."

Over the last seven quarters, Wekiva has gained 729 total yards. The number includes a non-stop clock and only four plays run during the last two quarters. Total yards were

in favor of the Mustangs by a margin of 355-135 during and including the last play of the most recent contest. Wekiva's margin of total yards gained not including the last play was 277 yards.

Points given up compared to scored by Wekiva is also .500 at 101-101.

"There have been flashes of positive play, the kind which wins contests," Gabriel continued to reiterate. "However, mistakes committed are still a lot more than we should be making. Shooting ourselves in the foot is still too common. We continue to be our worst enemy."

season to face off against the 2-2 Edgewater Eagles. The Eagles are currently ranked 64th in Florida, 10th in Division 5A, and 14th in Orlando.

The Eagles are always a powerhouse program and this year is no different, so don't let their record fool you. Their two losses were to The First Academy (28-24) and Jones High School (24-21). The First Academy is currently ranked 35th in Florida, 5th in Division 1A, and 6th in Orlando and is 4-0. Jones

High School is currently ranked 19th in Florida, third in Division 4A, and 5th in Orlando, and is 3-0.

After watching the game film on both of their losses, the Eagles' losses were fueled by their own mistakes: fumbles, run fit assignment problems, and just discipline on defense. Even with all these mistakes, they barely lost those two matchups.

I don't think Edgewater will be mistakeprone against Apopka because they know that at

2-2, they can't afford any more losses if they want to make a deep playoff run. So, Apopka better be ready for an Edgewater team that will be coming out to play perfect football.

But when I talked to Davison after the game last week, I asked him what was the team and his game plan and mentality going into the game. He answered with one word. "Win!"

During the four weeks of fall practices, scores over 215 and under 180 have been roughly 50/50. A handful of times, scores in the 290s were reached. In the other direction, a handful of times scores also reached the 150s.

Less than 10 scores thrown per individual have been in between. Throughout 10 seasons

as head coach of the Blue Darters, Doug Campbell has molded multiple bowlers into state championship caliber bowlers, as part of a team and individually.

However, Campbell oversaw and guided the improvement of the entire team last season to an eighth district championship.

The team average in both formats improved by over 30 pins during the regular season. Still, Apopka entered the district championship meet and postseason with the lowest average of any team during the streak and a decisive underdog. Another significant improvement was needed to

win the district champion-

ship and earn the 11th consecutive state championship meet berth. During the district championship tournament, when the success of the season is judged, the Blue Darters took the step of becoming a team consistently reaching scores above 200 pins.

Taking a team starting at the position of replacing four starters from a state championship team to a district championship was the perhaps the finest job of Campbell's coaching career. At the least, the finest job as far as the number of bowlers significantly improving scores to district championship level. From

a lack of, Campbell developed a team with the potential to score above 225 pins when any game ended and advancing.

However, developing a consistency throughout the team for scoring above 225 pins and advancing is now Campbell's task.

"Once again and even if sounding like a broken record, I can't emphasize the importance of spares enough," Campbell said. "Ever since the first bowling ball was thrown, outcomes are determined by spares. Teams consistently converting spares win. Teams with anchors consistently converting spares win in particular. Converting spares is realizing the opportunity to score additional pins during the next frame. Failure to convert spares is leaving the opportunity to score additional pins on the table.

The primary difference from the make-up of last season's team is the addition of improving thr level of consistency. The anchor was the only position filled at the start of last season. However, the lone position *needing to be filled* at the start of this season is the

anchor "An anchor failing to convert spare opportunities translates to the team heading into the second half of a (Baker) game with pins left on the table," Campbell said. "Difference between a team scoring 210 pins and 230 pins at the least is consistently converting the spare opportunities. State champions are converting in the high-80 percent range at the least. Again, those 20 pins is the difference between qualifying for the state championship meet and advancing during the state championship meet. This group of bowlers found out the difference

first-hand last season." Kolton Evans, Lo-

gan Licavoli, John Cruz, and Bradyn Sowers make up the returning group of bowlers. Joining the team this season is Angelo Mullica and Colby Todd.

Potential is also the state of the women's program heading into the 2024 season. Under Jason Ramos, a reconstructed women's team has undergone an equally significant improvement as the men had

last season

Returning as the core is Elizabeth Marshall, Jaiden Mullica and Makayla Branson. Yareliz Gonzalez-Melendez, Shyanne Adams, Haylee Thames, Olivia Hodge, and Madelynn Scofield joined the team this season.

Improving the pins per game average to the mid-190s and after qualifying as an individual for the state championship meet last season, Marshall will serve as the anchor.

"By at least 25 pins, each of the bowlers new to the team has improved," Ramos said. "Improvement is far from leaving us capable of matching the program's high point right now. Most importantly, a season doesn't consist of just fall practices. The goal is always to steadily improve throughout the regular season, then peak as the postseason begins.

"There is no reason to believe the improvement won't continue during the regular season in general. We still need to improve team and individual scores by a minimum of 25 pins to reach the high point again. Reaching the high point

again is possible because of the steadiness with which the bowlers have improved and in only a few weeks

(fall practices).' Apopka was one of the last six teams (four in the elimination bracket, two winners) during the 2020 state championship tournament. However, the 2020 berth was the first of three consecutive into the state championship meet.

"Of course, the odds are against any team being one of the last eight," Ramos said. "I am optimistic the team will have at least developed the capability to reach the high point because of the steadiness improving. Another 25 pin improvement would certainly put us in the position of a favorite to qualify for the state championship meet, again at the least. Remember the 25 pins talking about is being added to the can-build-around scores of the returners

"Most importantly, I am proud of the progress each bowler has made individually and as a team member. The opportunity for a special season exists because of the effort put forth during the fall prac-

Another unique and subtle challenge facing the Blue Darters after achieving the state championship level success has been a lack of matches in which to gain experience. This season though, the schedule is also limited because several teams in the area did not have a full roster until September.

tices."

Only 12 teams have scheduled matches with Apopka this season. The schedule is made up of the Edgewater Eagles (September 17), West Orange Warriors, Horizon Hawks (September 19), Dr. Phillips Panthers, Wekiva Mustangs, Ocoee Knights (September 25), Wekiva Mustangs, Lake Buena Vista Vipers (October 9), Winter Park Wildcats (October 15) and Wekiva Mustangs, Windermere Wolverines, Olympia Titans (October 16). All matches will be held at Bowlero Lanes on S.R. 436, which is the home facility of the Blue Darters, Warriors, Mustangs and Knights. However, matches have been added mid-season in the past.

The more traditional and commonly known

format is 10-pin. A bowler throws 10 frames. Number of pins knocked down over the 10 frames are added together for the final score.

District and the state championship meets consist of 10-pin as the first component. Then Baker is used for the head-to-head, double-elimination tournament. Men and women, individual and team championships are contested.

Teams placing first and second or the two finalists from each district championship meet, advance to the state championship meet, as well. Dates for the District 7 championship meet is Tuesday, October 22, at Apopka Bowlero. On October 29, 30 and 31 as well as at Boardwalk Bowl (10749 East Colonial Dr.), the state championship meet will be held

Apopka is a member of District 7, along with Boone, Crooms Academy, Edgewater, Jones, Lake Brantley, Lake Highland Prep, Lake Mary, Lake Mary Prep, Lyman, Ocoee, Olympia, Seminole, Wekiva, West Orange and Windermere. The sport of bowling is not divided into classifications

the team has to be in a position to win the contest. In order for the play to matter and have an impact on the outcome, the score has to be competitive. ## Apopka girls volleyball takes loss against Sanford Seminoles

A Lady Darter passes a ball to a teammate during Tuesday evening's match.

Apopka's Madeline Sherrer leaps to block a hit from a Seminole.

Isabella McCarthey watches as a teammate passes a ball during Apopka's loss to Seminole on September 17.

Chesney Haun (9) dives to receive a ball as teammate Zoey Dallas (7) looks on waiting for a pass.

An Apopka player blocks a hit at the net against Sanford Seminole as the Seminoles went on to win.
